EXPERIENCE

Product Designer

July 2017 - Present

Artifact Uprising

Lead user research, build high fidelity prototypes, and created final visual design for our Web Photo Book editor. Support ux design efforts for new features on our iOS app and marketing site.

Product Designer

Summer 2015 - July 2017

Galvanize

Supported user research and interface design processes creating personas, visualizations, story boards, task flows, wireframes, high-fidelity mockups, and prototypes for the Galvanize Learning Management System, and Job Placement Tool. Continuously measured and optimized the user experience through a combination of quantitative and qualitative research methods.

UI/UX Designer

Fall 2013 - Summer 2015

Mapleton Hill Media

Responsible for building interactive prototypes for testing, and visual design for network testing web applications and ecom websites.

Equipment Qualification Engineer

Spring 2010 - Summer 2013

Westinghouse Electric Company, LCC

Performed qualification testing and analysis on mechanical and electrical safety equipment installed in nuclear power plants.
